TALENT SOLUTIONS

In 2023, Intuitive continued to make waves as a force for positive change in the UK transport sector.

We celebrated our **10th anniversary in 2023**, donating £10,000 to a range of different charities.

On top of this, we donated another £3000 to various charities including **Cosy Coats**, which provides brand new winter coats to less advantaged schoolchildren.

As part of our 10th anniversary celebrations, we also went on a guided bus tour – for which we successfully bid in the Railway Ball auction, raising funds for **The Railway Children** – from Network Rail chief executive Peter Hendy, who drove us around London on his classic Routemaster bus! Andrew Haines, Network Rail CEO and Great British Railways Transition Team lead director Anit Chandarana served as conductors.
